

FED. GRANULARS

1998

NINETEEN NINETY EIGHT

John Beauchamp

"This one's for you, Rex"

-Louis Armstrong, when playing for
Charles VI, the King of England

"Woe to him who has not within himself the source of happiness."

-Nikos Kazantzakis

WHAT A GUY!

One of the most underrated and under-appreciated students in the history of HGS. During his thirteen year tenure at HGS, his contributions to class knowledge and entertainment have been unparalleled. John's social calendar has been incomprehensible to most of us. From being president of student council and an avid member of school athletic programs (in some cases a legend), to his musical and theatrical aspirations, John has carried out a very eventful HGS career. When not devoting his spare time to his studies, John can be found driving down the street in his firefly (also a legend at the school), listening to all genres of music and singing at the top of his lungs. Despite being one of the most laid back and humorous member of the graduating class Johnny B. has maintained steady honours grades. His profound affects on both the school itself and the people in it will be long remembered by all.

Brendan Chard

"And so you look into the eyes of a bloody cold assassin, only then you'll realize with who's life you have been messin'"

-Noel Gallagher

In Brendan's five years at Halifax Grammar School, he has certainly made a name for himself in all sports. He scored every point for HGS in its inaugural rugby season. On the soccer field, Brendan has been known as "sweet feet" or "twinkle toes", thanks to his assists on numerous goals. Brendan's quiet outward composure masks his killer instinct. However, his quick-witted humour was always there to point out other's "mistakes". He especially enjoyed the "Newport Creamery Cheeseburger" on the Gr. 10 trip to Boston. As an IB student, Brendan excels in math and has achieved extremely high scores in Canadian math competitions. Brendan leaves this school with high academic and athletic achievements.

Ian Bezanson

Ian has contributed to the atmosphere in his 4 years of schooling at HGS. He has been known to grace both soccer fields and basketball courts with his presence. However his main expertise was volleyball. He could always make the boys laugh after practice. Ian is a IB diploma student, but the extra work load doesn't stop him from smiling. In the common room Ian is always a source of laughter whether it is with him or at him. However, his appearances in the common room have decreased since he developed a severe craving for Tim Horton's and all the delicacies within. Ian was a great friend to all, and always had time to listen to what people had to say. The school will never be as happy after Ian graduates.

Michèle Clark

"Today, if you are not confused, you are just not thinking clearly."

-O. Peter

Michèle first stepped into the halls of the Grammar school in grade 7, and since then has involved herself in all aspects of the school community. Over the years she has given her service and athletic talent to us as being not only a prefect and house captain, but also as a valuable member of the soccer, volleyball, basketball, and badminton teams. In her graduating year, she focused her time and energy as yearbook editor, and saving lives at the pool, while also trying to get her life in order to decide what she wants to be when she grows up! She'll miss all the great friendships she made (and destroyed!), but will also remember all the great times she had over the 6 years- Gidden's Lodge (Evbo!), Boston (Dunkin' Donuts) and Keji (where's all the luggage?). Thanks for all the smiles Michèle.

Neal Durling

"Angling is just a process of feeding yourself, both spiritually and otherwise."

-Jake MacDonald

Neal's bold personality will long be remembered in the halls and classes of HGS. Neal had an immediate impact in grade 10, with his determination to excel in academics. Before we knew it though, he revealed another side, an extremely relaxed quality. Without question, Neal was the great outdoorsman of the class. He loved fishing, paddling, hiking, biking and camping. Neal was perhaps half-man, half-fish. He loved to swim and was a committed member of the Halifax Trojan swim team. His powerful swimming ability often overshadowed Neal's other numerous talents. Music to Neal was something that came naturally to him on the piano and guitar. His cynical, yet lovable nature was made evident constantly as no matter how opinionated he was, he was loved.

Lindsay Cornell

"Live life how ya please!"

-Yaga

Lindsay arrived from Chicago to complete her last two years of high school at HGS. She had no problem making new friends with students and teachers with her outgoing, friendly personality. She has over the years added school spirit and humour to the HGS community with her keen support of athletics and contributions to student council, having been VP of operations in grade 12. Lindsay will always try anything once from senior girls soccer in grade 12 to skydiving on her 18th birthday, and through her amazing, yet sometimes annoying skill of persuasion, brings her friends along for the adventure. Lindsay's love of water and swimming will follow her hopefully in her future plans as she works towards an occupation in the field of Marine Biology. Good luck on future endeavours, support will follow you wherever you go, but although you will be making many new friends along the way, keep the old ones and remember your words to live by, "when I think about you. . ."

Elizabeth Jamieson

"Chance rules our lives, and the future is all unknown. Best live as best we may, from day to day."

-Sophocles

Liz joined Grammar in grade eleven. She came to us by way of St. Joseph's College School in Toronto. She quickly became an active student, trying soccer for the first time, where she excelled and continued her cross country career running for HGS. It was apparent that Liz had no trouble assimilating to the HGS ways with her glowing personality and her wit. She became an honour role student in the first term at HGS. She continued to remain a prominent "player" at HGS with her participation on the volleyball, basketball and badminton and track and field teams. She managed to remain on the honour roll with excellent second and third term, academically. Over the summer she participated in the Junior World Championships in Japan and placed 17th, an accomplishment many of us can only dream of. She is currently the school yearbook editor and is once again playing soccer. She plans on maintaining her honour roll positions and also plans on participating in all the same sports as last year with the addition of rugby, in an effort to defend her "athlete of the year" title, which she acquired in her first year at Grammar. Liz was a welcomed addition to Grammar academically, socially and athletically. We wish her all the luck in the future and we will be watching for her in the professional volleyball circuit or as a prominent engineer. Also, she likes eating ham!!

Philip Eggersgluss

"Ich hab mein Herz in Heidelberg verloren"

-unknown

Philip came to Halifax in 1996 to stay there for one week with a German exchange programme and seemed to have had enjoyed it so much that he came back in 1997 to go to school at HGS.

Philip Holm

"All the miles of a hard road are worth a moment of true happiness."

-Arnold Tobel

"The story of life is quicker than the wink of an eye, the story of love is hello and goodbye, until we meet again..."

-Jimi Hendrix

Phil "don't call me Sherlock" Holm made his entrance into HGS in Grade 10, and immediately displayed his academic prowess. In addition to his excellence in school he also took part in both Volleyball and Badminton, contributing to the HGS athletic department. His love for the guitar drove him to devote most of his spare time towards practice. He was cheerful, leading him towards volunteering himself as a House Captain for the Privateers, in his graduating year! This distinguished school spirit will be forever missed, what ever he chooses to further his musical talent or enter the world of medicine, he will surely become an asset to whatever path he chooses to take and all at HGS wishes him good luck in the future.

Mary Jamieson

"I will stare into the sun until its light doesn't blind me
I will walk unto the fire until it's heat doesn't burn me
And I will feed the fire..."

-Sarah McLachlan

Mary joined this class in grade 11, coming from St. Joseph's College School in Toronto. She has been an asset to our cross country, soccer (even though she'd never played before), basketball and track and field teams. She has had many other athletic achievements outside of school including being a member of the Canadian Youth Sailing Team which competed in Japan at the World Championships. She aspires to play varsity basketball and later become a teacher. Even though Mary J. graced us with her presence for only two (long) years, she has made many friends and only a few enemies! She'll miss all the class clowns and all the deep and meaningful class discussions at the Grammar School, but most of all she'll miss breaking all those boys hearts. (You know who you are!) We'll miss you Mary.

Daniel Khublall

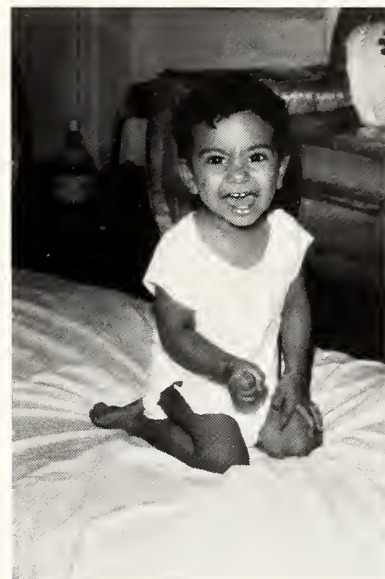

"We are all worms. But I do believe that I am a glow worm."

-Winston Churchill

"Sometimes the world feels so big and I feel so small."

-Original

Dan joined our world in grade 11. Known to most as "cueball" he has earned a place in the hearts of most of us. Always quick witted and ready for fun he has become a popular member of our graduating class and our esteemed VP of finance. He's full of school spirit and has made HGS a truly fun place to be (remember the dances). Dan gives his all in both sports and school work. He was a valuable addition to both the rugby and basketball teams. Our resident computer nerd Dan hopes to become a computer engineer, we all feel that he will excel in whatever avenue he chooses. We will miss him dearly as the halls of HGS will never resound with sounds of so much joy again. Good luck and may tomorrow be even brighter.

Victoria Lake

"Happy is the heart that knows love."

-Unknown

"Life is 10% of what happens and 90% of how you react."

-Unknown

Vicki joined us after spending seven pious years at Sacred Heart. Although she dazzled us with her silver Altima, complete with CD player, and her whimsical trips to Bermuda, Vicki maintains an incredibly down to earth mentality. Her groundedness is possibly cause for her passivity and quiet disposition, but don't let her fool you, Vicki can make even a missionary party! It took Vicki until our Boston trip to show us her real wild side. There, she loaded up on Jolt and ice cream and won several "competitions". Vicki has had the odd Grammar school male companion but exact numbers are unknown considering her elopements to Truro and other areas. We wish Vicki the best of luck in her architectural endeavors and look forward to her house (or building) warming parties in the future.

Matthew Lewington

"I am the greatest!"

-Muhammad Ali

"Life is what happens to us when we are busy making other plans."

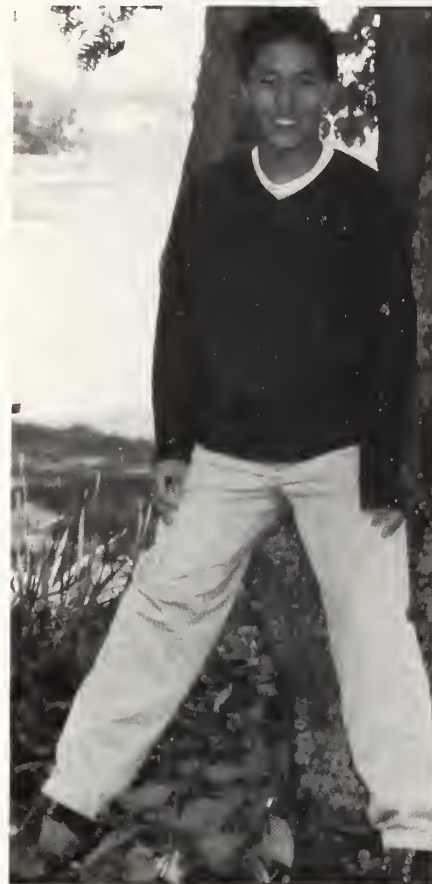

-John Lennon

Matt Lewington. The sound of that name is known to all for his caring yet always bright outlook upon others. He has joined in the fun with us and is a great asset to making life at HGS that much easier. He always makes sure he gives it his all, especially in his studies and sports. (Rugby MIP) In the last few years few have not gotten to know the man that loves Disco and life. He is truly a unique individual and will surely excel in the future. He devotes himself to many activities at HGS like; soccer, rugby, volleyball and even has shown us his, how should I say?...Unparalleled swimming style (belly flop). Matt has plans to go on to be a med student (more late nights of studying!) in the future. He is truly a unique individual and will surely excel in whatever he chooses. Good luck and keep the funk!

Lonnie Li

"Two roads diverged in a wood, and I- /I took the one less traveled by, /And that has made all the difference" -Robert Frost

Lonnie joined us in the 6th grade. Always the mysterious type he made his presence known throughout the school as "Danger" Li. A well rounded student, Lonnie was always improving in all areas. He made his contribution to the athletic department through badminton, tennis and volleyball teams. Lonnie was a kind and caring person devoted to community service in the Chinese Canadian Youth Organization (CCYO). His love for his cultural heritage was shown through his vice presidency in the CCYO and his participation in the lion dance. When it came to out of school events he was the wild and courageous type always ready to shine in the face of adversity. Lonnie plans to explore a field of computer programming, engineering or even astrophysics. Whatever he does we're sure he'll go far. Good luck!

Zoë Nudell

The "Late" Zoë Nudell is always found active in the gym playing sports such as basketball, soccer, volleyball or pursuing her other hobby drawing in the art room. She joined the grammar school in grade 10 and has been very involved student. Unfortunately she injured her knee making a tough break to return to sports. Not being able to participate in her usual summer soccer she took to sailing. She used her artistic talents to help a community group build a boat. Zoë will be remembered for her individuality especially in her taste for clothing. We wish you all the best for the future in pursuing your dreams, (wherever they are!)

Samantha Robertson

"I'd rather laugh with the sinners then cry with the saints.
The sinners are much more fun."

-Billy Joel

"Dreams are the answers to questions we have not yet figured out how to ask."
-X-Files

"Once and awhile you get shown the light in the strangest of places
if you look at it right."

-Grateful Dead

Samantha has gone by many names, among them Sammy, Yosemite, Sam, and Joe (Sumer is still convinced that Sam's middle name is Josephine). She seems to have as many facets to her personality as she does names. She can go from hyperactive to quiet and dreamy to mischievous to philosophical in a matter of moments. Although she often appears the silent type, when you ask her about music, animation or movies, be prepared to ask 'What?'. Sometimes Samantha talks so fast, it is hard for anyone to understand her. A wanderer at heart and in reality, Samantha has moved about every 2 years; she arrived in Canada in 10th grade from Arizona and has thoroughly enjoyed the Halifax experience, despite the "6*!# long winters". Fuelled by M & M's, Samantha can now be found surfin' the net or hittin' the streets of Halifax with her friends, as she searches for meaning, truth, and a really good cup of Irish Cream coffee. One day she hopes to become an animator or screen writer out west in L.A. She will be remembered for her love of the colour blue, her soccer dis-coordination and her bizarre sense of humour.

Deborah Pink

"The sea, once it casts its spell, holds one in its net forever."

-Jacques Cousteau

"I'm always amazed that people take what I say seriously. I don't ever take what I am seriously."

-David Bowie

"I'm afraid of loosing my obscurity. Genuiness only thrives in the dark."

-Aldous Huxley

Deb aka "Debbie" has been a prominent figure at HGS since her arrival in Gr. 7. She has developed in several ways over the years and has contributed much to the school as yearbook editor, student council member a participant of Amnesty International and a house captain. Many absent Fridays have been due to her strong commitment to the obsession in her life-swimming with the Halifax Trojans. Her constant ethical disputes with Neal Durling (fellow swimmer) have been the cause of entertainment for the class many times throughout the years. Deb has many sides to her personality, especially a philosophical, sappy side which truly appreciates the essence of a certain Shakespeare play. Although at times a solitary figure at HGS, in reality her friends are numberless. Her dedication to her studies and swimming has passed itself on her social activities and she'll always be remembered as a great friend.

Jennie Oliver

"I love ice water... I swim all year just to irritate people, make them feel weak."
-Katherine Hepburn

A miracle to behold, Jennie has endured Grammar from over 10 years and still a ray of hope shines for her social abilities. (applause) Jennie's accepting nature and openness outshines all of us. She is generous and friendly without prejudice. Jennie is an awesome asset on all sports teams being talented and steady. Out of school Jennie's athletic abilities are even more impressive. She is an extreme skier, water skier, no chicken is Jennie. She'll try anything no qualms. The hottest topic of silent conversation at parties-Jennie's lip reading skills are highly entertaining, (and useful. . .) At the end of the year don't be surprised to find an invite to one of Jennie's crazy summer parties; sailing, swimming, tennis, water skiing, and food. An excellent way to end the year and don't be surprised if in years to come you meet J on her way to Dominican Republic bungee jumping, mountain climbing, deep sea diving, crazy adventure girl. And if she invites you along you'll have an awesome time with Jennie's easy going sense of humour and kindness.

CLASS C

OF 1998

Daniel Roscoe

"It's time to be, all the things that we, been wishing away for another day."

-Noel Gallagher

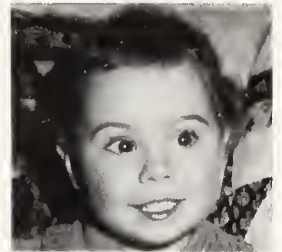

Dan will be graduating with an IB diploma after 13 long years at the school, in which he has seen many changes to both the building and atmosphere at HGS. He has been a great contributor to many sports teams including; soccer, volleyball and basketball of which he has been captain. He was on of the biggest and strongest of the original rugby boys. Dan, an all around strong student academically especially excelled in physics and math although he was sometimes caught napping in English class. Through the years he has been influential on the student council as a house captain, class prefect and prep school liaison. As he leaves the hallowed halls of HGS, he will never be forgotten for his nighttime raids on other students on various class trips.

Katrin (Kate) Schmidt

Kate has been a wonderful addition to our class for our Senior year. She was sorely missed during those two years during which we didn't even know she existed. She may say she's lazy, but that has never applied to her friendships. Hey, we are all lazy together when it comes to HGS work! Oh, and she's German, an exchangee for grade 12. Be strong Katie! You have 2 more years left when you get back home. Whether the subject is body-piercing or the perfect guy, Kate knows what she likes. Sumer, Zoe and Samantha will never forget the great Spring Garden treks for coffee, the late night movie fests, or Kate's indomitable sense of humour. Whenever we had a problem, or just needed to vent our rage about course overload, Kate was always there to talk to. She has always had a unique take on things that makes every conversation interesting. We only wish she had come to our little part of Canada sooner. Thanks to the hospitality of the Lo family, Kate got to discover what makes this crazy place called Halifax so special. Good Luck and remember: "Jeder Tag an dem du nicht lachelst, ist ein verlorener Tag"

-Charly Chaplin

(Everyday you don't smile, is a last day.)

Amy Schwartz

"I like to eat."

-original

"My weakness is wearing too much leopard print."

J. Collins

Amy came to us in gr. 10. She delighted us with her very opinionated views and loud mouth. Amy has also been a team member as she participated on the soccer team and in the many drama productions. (We can't forget her love for wearing leopard skins). This was obviously one of the characteristics that attracted her "better half," or could it have been those huge. . . .lunches? Amy is also known for her entrances and excuses as she continuously waltzed into the room fashionably tardy, "I live in the sticks, what do you expect?" We will never forget Amy nor will we have to worry about her venturing too far. No matter where we go we will always be able to find her as she is known for her PARTS! (Thanks to all my Grammar buds who always kept me laughing. Amy S.)

Peter Wdoviak

"A failure establishes only this, that our determination to succeed was not strong enough."

-Bovee

"Love all, trust a few, do wrong to none... be check'd for silence, but never tax'd for speech."

-Shakespeare

Peter came to HGS in September 1997, totally unaware of this blurb of truth that absolutely had to appear before you. After 4 years at KES, he was deeply possessed by apocalyptic attitudes, which would stray only in the presence of his everything, Erica. After 2 short days of classes at GRAMMA he was enlightened by the warmth with which senior 4 had welcomed him, and is forever in their debt for making the transition from boarding school so darn slick.

Mohammed Shaheen

"Life is no brief candle to me. It is a sort of splendid torch which I have got a hold for the moment, and I want to make it burn as brightly as possible before handing it to future generations."

-George Bernard Shaw

"Act as if what you do makes a difference... It does!"

-William James

Mohammed joined the Grammar school in grade 12. As an Egyptian he finished high school in Kuwait and decided to join the Grammar School to continue his high school study. Being new in the school he has faced many challenges, adapting to the curriculum and trying to get around. Although he was new he received a warm welcome from lots of the students. His hobbies include drawing and working on his computer. In sports, basketball and tennis are his main two interests. In his previous school he had been playing on the basketball team for four years and is still trying to improve. Mohammed intends to continue university in Canada and study engineering. We wish him the best of luck and a very successful life.

Adam White

"When I get big, I'm going to get me an electric guitar. When I get real big."

-Neil Young

"Give me a firm spot on which to stand, and I will move the earth."

-Archimedes

A man of many talents. . .

Adam arrived at the grammar school in grade eight, and immediately impressed upon his classmates his work ethic that was unparalleled. From his schoolwork to his many other interests, Adam would devote all his energy to what he was doing. A perennial member of the soccer team, Adam was a contributor to all aspects of school life. His musical talent when playing guitar and piano was often brilliant. Adam was a steady honours student, but also maintained a busy life away from school, with his interests in outdoor activities such as fishing, canoeing, and biking. His good humour was an inherent aspect of daily life at HGS. The sound of his guitar will echo throughout the halls of HGS for many years to come.

Bernadette Zakher

"There's nothing you can know that isn't known, nothing you can see that isn't shown, nowhere you can be that isn't where you're meant to be."

-The Beatles

"The turbulent one sheds a turbulent tear."

-PM Dawn

Bern has reluctantly charmed the halls of HGS for the past 7 years with her unexplainable laugh and wild unruly hair. Despite her indifference to the school, she has participated in almost every school activity offered, including basketball, soccer, student council, prep school liaison and house captain. Although the school does not bring out the best in her she is in fact a great friend who excels in her academics. Bern is ecstatic to start off the next chapter of her life in Ontario, but her skeptic, humorous, unique character will be missed.

Sumer Zaheen

"Preparedness makes us powerful, Butter merely makes us fat."

-The Prodigy

"Try not! Do, or do not. There is no try,"

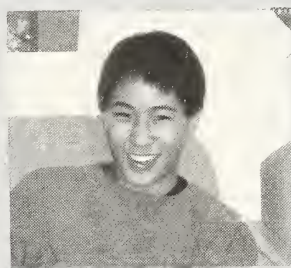

-Yoda, The Empire Strikes Back

Sumer swooped into HGS in grade 11, from the green pastures of Pakistan. She proved that looks can indeed deceive; who would have expected that the sweet, quiet young Sumer would prove to be a fan of pranks, late night coffee funs, and Prodigy? Whether she is scanning Spring Garden for glittery nail-polish, or listening to her Best-Bud Samantha's strange philosophical revelations, Sumer has maintained her sense of humour. She plans to enter into the chaotic world of business. We can't wait until future economics students are reading about Sumer in the Economist magazine.
